Greenville Chapter, South Carolina Genealogical Society By-Laws Mission Statement

"The objective of the Greenville Chapter, South Carolina Genealogical Society, shall be to raise the standard of genealogical research through education programs and workshops, publication of genealogical data, promotion of the collection of records, the preservation of records, publication of newsletters and journals and to stimulate a general interest in genealogy. Through its member of the State Society Board of Directors, the Chapter shall clear all major projects with the appropriate State Committee or Officer in order to avoid duplication of effort."

President's Message

I have been asking for ways to increase the attendance at our meetings and the majority of you wanted to return to the library. You will be able to research in the South Carolina Room before or after the meeting. Please invite your friends and neighbors to get started on their journey of discovering their family. We would love to help them.

Minutes

The October minutes will be available at the meeting October 19, 2014.

The meeting this month will be 3 video lessons from the Family Search Learning Center to help with your English research. It would be helpful if you would print and look over handouts and bring to the meeting. There will be a few on hand at the meeting just in case! Copy and paste this link in your browser and find *England Beginning Research (nos. 1, 2 and 4)*.

https://familysearch.org/learningcenter/results.html?fq=skill_level%3A%22Intermediate%22&resultListItem=5

Summaries are below:

1. This lesson will help you determine what you need to get started with English research. During the lesson, you will learn about the basic family history research process. You will learn about English jurisdictions, the three major record groups in England and how to utilize the websites to access records. Useful web links and printable forms are included in the lesson.
2. This lesson utilizes a case study to help you to understand what a census is and identify the types of information censuses contain. You will also learn ways to access census records online.
3. Since civil authorities did not begin registering vital records until July 1837, Church records are an excellent source to find the names and dates of family members before that time. Most British subjects are recorded somewhere in the baptism (christenings), marriage, and burial entries found in Church records. During this lesson you will learn how Church of England registers of baptisms, marriages, and burials can help you research your English ancestors especially those born prior to 1837.

You know you're addicted to genealogy when you can give more information about the long deceased from memory than you can about the living.
